15th December 2021**END OF YEAR ACCOUNTS 2020**

Dear Committee Members

Please find attached zip folder containing Meridian Beekeepers Association financial accounts for the 2020 year ending December 31st.

We have had a quiet year due to the pandemic which is reflected in the accounts.

The Balance Sheet shows we opened 2020 with £800 (plus £5,603 in the "Instant Account") **£6,403**
We closed the year with £761 (plus £3,355 in the "Instant Account") **£4,116**

Value of stock, including wax sheets, both wired and unwired, amounts to some **£1,800**

The figures are skewed slightly due to previous years membership fees being collected early. We are now aiming to collect during January which, hopefully, should help reflect more understandable accounts.

Although the pandemic has stilted the associations social interactivity, there have been purchases for new/replacement equipment including hives and components, quite a bit of work has gone into the web-site (thanks Howard) and a new apiary has been set up adjacent to the West End Allotments in west end Village.

Thanks to Rick Skinner for helping to check through the accounts this year.

Best Regards
